TG Picture Manager 2.00 - September 22nd 2005

TG Picture Manager 1.06 - June 14th 2005

2.00

TG Picture Management

1. Added possibility to upload JPEG and GIF images (old release uploaded only 128 x 64 BMP images).
2. Added possibility to upload images of different size: the software fits automatically the image to the screen dimensions (128 x 64 pixels).
3. Added horizontally and vertically flip image option.
4. Added black colour regulation.
5. Added Save as option.
6. Added Save image with blue background and save image with green background options.
